

## Push-in cap QSC-1/2-U

Part number: 153833

FESTO

### Data sheet

| Feature                                         | Value                                        |
|-------------------------------------------------|----------------------------------------------|
| Size                                            | Standard                                     |
| Maritime classification                         | See certificate                              |
| Nominal width                                   | 7.8 mm                                       |
| Type code                                       | QSC                                          |
| Mounting position                               | Any                                          |
| Pack size                                       | 1                                            |
| Design                                          | Push-pull principle                          |
| Operating pressure for entire temperature range | -0.95 bar ... 10 bar                         |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7::-] |
| Information on operating and pilot media        | Operation with oil lubrication possible      |
| Corrosion resistance class (CRC)                | 1 - Low corrosion stress                     |
| Ambient temperature                             | -10 °C ... 60 °C                             |
| Product weight                                  | 11.5 g                                       |
| Pneumatic connection 1                          | For pneumatic tubing outside diameter 1/2"   |
| Releasing ring color                            | Gray                                         |
| Note on materials                               | RoHS-compliant                               |
| Housing material                                | PBT                                          |
| Releasing ring material                         | POM                                          |
| Material of tubing seal                         | NBR                                          |
| Material of tube retaining claw                 | High-alloy stainless steel                   |
