

# Push-in sleeve QSH-5/8-U

Part number: 190641

FESTO

## Data sheet

| Feature                                         | Value                                         |
|-------------------------------------------------|-----------------------------------------------|
| Maritime classification                         | See certificate                               |
| Type code                                       | QSH                                           |
| Mounting position                               | Any                                           |
| Pack size                                       | 1                                             |
| Design                                          | Push-pull principle                           |
| Operating pressure for entire temperature range | -0.95 bar ... 10 bar                          |
| Operating medium                                | Compressed air as per ISO 8573-1:2010 [7:-:-] |
| Information on operating and pilot media        | Operation with oil lubrication possible       |
| Corrosion resistance class (CRC)                | 1 - Low corrosion stress                      |
| Ambient temperature                             | -10 °C ... 60 °C                              |
| Product weight                                  | 4 g                                           |
| Pneumatic connection 1                          | Push-in sleeve QS-5/8"                        |
| Releasing ring color                            | Gray                                          |
| Note on materials                               | RoHS-compliant                                |
| Housing material                                | PBT                                           |
